

# **CMRRA Royalty Calculation Sheet**

## **"Pay-As-You-Press"**

To allow us to process your applications more efficiently, you are required to complete this form to calculate the mechanical royalties payable. Use additional copies of this form if necessary.

Title of Composition	Running Time (mm:ss)	Royalty Rate*	Number of Copies	Royalty** (Rate x Copies)

**\*\* The Handling Fee is 6% of your total payment, or \$5.00, whichever is greater  
 \*\*\*HST where applicable or GST if you reside in a province without the HST.**

<b>Total Royalties:</b>	<b>=</b>	
<b>**Handling Fee:</b>	<b>+</b>	
<b>Sub-Total:</b>	<b>=</b>	
<b>***Taxes:</b>	<b>+</b>	
<b>TOTAL:</b>	<b>=</b>	

\* The per-copy rate for each composition is \$0.083 where the running time of the recording is five minutes or less. For each additional minute, or partial minute of running time, add \$0.0166 to the rate.

\*\* If you are pressing or duplicating 500 copies or less, put "\$41.50" in this box for each composition of 5 minutes or less of running time. Increase this amount by \$8.30 for each minute or partial minute of running time in excess of 5 minutes. This is our minimum quantity for royalty rate processing. **Although no pressing order is necessary for less than 200 copies, it does not exempt you from paying mechanical royalties.**

\*\*\* Non-standard royalty rates:  
 Songs published by Abkco Music Inc receive a royalty rate of 0.13/copy  
 "White Christmas" (Irving Berlin) receives a royalty rate of 0.0952/copy
